

World of Catholic Universities Collaborative Platform

PARTNERSHIP *Network*
Open **Sharing** *Innovation*
Expertise *Professional* **International** *Asia*
Africa *Europe* *Oceania* **Latin America**
North America **Cooperation** *Mobility*
Research *Events* *Solidarity*
Common values **Innovation**

Because alone we go faster, together we go farther.

WHAT IS THE WCU PLATFORM?

Created by IFCU, the WCU platform is a virtual space which aims to improve the visibility of Catholic universities and facilitate the construction of sustainable and solidarity partnerships between institutions.

This unique tool is available in three languages and offers a multitude of possibilities to its users:

- **A collaborative space** allowing Catholic universities, on the basis of the database developed, to submit and share their requests for collaboration (student and teacher mobility, creation of consortia, double degrees etc.).
- **A worldwide reference** of Catholic universities with reliable and updated data.

WHY JOIN AND USE THE WCU PLATFORM?

Take part in an open peer-to-peer network in which everyone can participate

A space to exchange freely, between professionals

Develop your network of partners

Using a unique and innovative tool at the service of higher education

Share news, events and projects from your institution

Discover the experiences of other Catholic institutions

Increase the visibility and representativeness of your institution

- **Develop partnership** opportunities with other universities, companies and/or foundations.
- **Privileged access** to the latest trends and news in the field of Catholic higher education.
- **Foster peer-to-peer** interaction by strengthening the collaboration of Catholic institutions with each other.

WHO IS THE WCU PLATFORM FOR?

- Vice-Rectors for International Relations
- Directors of International Relations
- Heads of International Relations Departments
- International marketing managers at universities institutes and colleges
- Directors of Development and Partnerships
